EXPERIENCE

University of Michigan | Graduate Student Instructor

Jan. 2019 - Present | Ann Arbor, MI

Teaching assistant for SI 339 Web Design, Development, and Accessibility

Instructing 47 students to help understand how to develop websites and design
for accessibility with POUR principles

DocNetwork | UX Designer

Sept. 2018 - Present | Ann Arbor, MI

Developing a health form builder tool for 9 account managers to minimize errors
in medical records by providing a version control system and separating the
in-progress and production environments

TmaxOS Inc. | UX Designer

Jun. 2017 - Jun. 2018 | Seongnam, South Korea

Enhanced performance of 36 UI components with TOP IDE to leverage the
development productivity by simplifying the process of two-way data binding and
event-handling

Launched a Tmax Design System team to fix the level of inconsistency and
fragmentation, and to manage UI designs at scale for 12 TmaxOS applications and
5 Tmax Office products

IBM Design | UX Research Intern

Sept. 2016 - Nov. 2016 | Austin, TX

Streamlined IBM's proactive acquisition processing time by 22.2%, which carried
the projected value of \$1 billion by implementing the data automation and
facilitating collaboration between business units

Developed research questions and facilitated user interviews with 3 stakeholders
and 11 users to identify the main concerns with the current acquisition process

School of Public Health, UM | Product Designer

May. 2015 - Aug. 2015 | Ann Arbor, MI

Independently discovered a design solution for protective wear specific to the
doffing procedure in an Ebola Outbreak by developing a doffing sticker for
nurses to avoid direct contamination

EXTRACURRICULARS

The Designers of Interactive, Intelligent, Internet of Things

Sept. 2018 - Present

A group of UM faculty and students who are passionate about creating an immersive
environment where people interact with digital information and physical artifacts
